**DevOps:** Git, Docker, CI/CD (GitHub Actions, Bitbucket), Vercel, Netlify

**Soft Skills:** Agile/Scrum, Team Collaboration, Problem-Solving, Communication, Adaptability, Critical Thinking, Time Management, Autonomous

## Professional Experience

### Frontend Developer (PFE) – AI Medical Diagnosis Platform

Itserv, Tunis

02/2025 – 08/2025

- Built responsive **React/TypeScript** frontend with component-based architecture and custom hooks for reusable logic
- Implemented state management using **Redux Toolkit** and **React Query** for server state caching
- Developed accessible, mobile-first UI with **Tailwind CSS** and integrated AI model outputs via REST APIs
- Created interactive dashboards with data visualization for medical diagnosis results

### Frontend Developer – Collaborative Documents Platform

ESPRIT, Tunis (Academic Project)

2024

- Built **React/TypeScript** SPA with real-time collaboration features using **Socket.io** for live document editing
- Implemented rich text editor with formatting, permissions UI, and version history navigation
- Applied **React Router** for navigation, **Context API** for auth state, and optimized re-renders with memoization

### Frontend Developer – Educational Platform

Ironbyte, Tunis

2024

- Developed **React** frontend with responsive design, real-time updates via WebSocket integration
- Built reusable component library with consistent styling patterns and **+40% development efficiency**
- Implemented pagination, filtering, and search UI with optimized API calls and loading states

## Personal Projects

### Portfolio Website

Personal

Next.js/React

- Built and deployed a responsive, multilingual portfolio using **Next.js/TypeScript** with SSG/SSR
- Implemented dark mode, animations, and i18n (English/French) on **Vercel**

### Overlays – Custom Operations Dashboard

Personal

React/TypeScript

- Built a dashboard with **React** featuring dynamic charts, real-time status updates, and role-based views
- Implemented form validation with **React Hook Form**, state management with Zustand, and API integration

## Certifications

**MongoDB** – Building RAG Apps, 2025

**Hadera** – Hashgraph Developer, 2025

**Saylor Academy** – C++, 2022

## Languages

**English** – Fluent

**French** – Professional

**Arabic** – Native
