

YOSR BEN NAGRA

Full Stack Java/React Developer

+216 53916040 Tunis, Tunisia Portfolio GitHub LinkedIn

PROFESSIONAL SUMMARY

Full stack developer with **5 years of experience** specializing in **React and TypeScript**. Proven expertise in designing modern web applications with diverse backend architectures (Java/Spring Boot, NestJS, Flask). Complete mastery of **DevOps** practices: CI/CD, Jenkins, Docker, SonarQube. Confirmed experience in **Agile/Scrum** methodology. Familiar with **banking/financial** domain. Fluent English.

TECHNICAL SKILLS

Frontend: React, TypeScript, JavaScript, HTML5, Angular

Backend: Java, Spring Boot, NestJS, Flask, Node.js

Databases: SQL, PostgreSQL, MongoDB

DevOps & Tools: Git, Jenkins, Docker, SonarQube, Prometheus, Grafana, IntelliJ, VS Code

Methodologies: Agile/Scrum, CI/CD, REST APIs, WebSockets, Code Review

PROFESSIONAL EXPERIENCE

Final Year Internship (PFE) – AI Medical Diagnosis Application

Itserv, Tunis

02/2025 – 08/2025

- Full stack **React + Flask** application, hybrid PostgreSQL/MongoDB architecture, **AI** models integration (Hugging Face, TensorFlow)
- Complete **CI/CD pipeline**: Jenkins, SonarQube, automated testing, Prometheus/Grafana monitoring
- Agile/Scrum** methodology: daily stand-ups, sprint planning, retrospectives, PO collaboration

Academic Project – Collaborative App (Notion-like)

ESPRIT, Tunis

2024

- Full stack **React + NestJS** application, real-time collaboration via **WebSockets**
- CI/CD pipeline, systematic code review, Agile team workflow

Internship – Educational Platform with Timetable Tool

Ironbyte, Tunis

2024

- NestJS/React/MongoDB** platform: assignment management, lessons, automated timetables
- Intelligent scheduling algorithms (**+40% efficiency**), WebSockets, CI/CD

Internship – Internal Communication Application

Ooredoo, Tunis

2023

- Backend **Java/Spring Boot**: DAO/DTO architecture, secure REST endpoints, access control
- Frontend **Angular + PrimeNG**: real-time chat, advanced filtering, unit/integration tests

EDUCATION

ESPRIT

Computer Science Engineering

2020 – 2025

Tunis, Tunisia

Lycee Soukra

CS Baccalaureate

2019

Tunis, Tunisia

CERTIFICATIONS

MongoDB – Building RAG Apps

2025

Hadera – Hashgraph Developer

2025

Saylor Academy – C++ Programming

2022

Honoris – Sustainability & Ethics

2024

LANGUAGES

English – Fluent

French – Professional

Arabic – Native

AREAS OF EXPERTISE

Sectors

Banking/Finance, Healthcare, Education

Specializations

- Real-time web applications
- AI/ML integration
- Microservices architectures
- CI/CD automation
- Monitoring and observability
